Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Sir:

After filing the THIRD status inquiry, the undersigned phoned the Director's Office, which in turn directed the undersigned to Mr. Carone [SPE].

On January 11, 2006, the undersigned left a phone message concerning the status inquiries. Mr. Carone left a voice-mail message, on January 11, 2006, indicating that although the petition was granted, processing of the abandoned application had inexplicably halted and that processing would now continue and that Ms. Eileen Felton would probably be the Examiner of this case.

Respectfully submitted,
